IN?

Sign Details:

- Dimensions are 8" x 16"
- Quality engineered, rust resistant
- Coated black metal
- All lettering is reflective
- TXDOT approved
- **All printing and installation costs have been covered by the Forest Hills Security Program**

FAQs

Q: "I have a wood/iron/chain link fence- how will the alley sign be installed?"

A: A team, led by neighbor Bob Lander, has been working with the sign manufacturer and has developed best practice installation methods for the various types of fences. In addition to Bob's attention to detail, he is the founder/owner of a major commercial construction company and has volunteered his services at **NO CHARGE** to you the homeowner.

Q: How does FHSP determine who receives an alley address sign?

A: Beginning in 2023, any homeowner that has made a dues payment will receive this sign with the option of installation AT NO CHARGE.

Q: "If I'm unable to make a dues payment next year, will my alley sign be removed?"

A: NO. Once your address alley sign has been installed, it will never be removed by FHSP. The alley address sign is a security initiative bought to our attention by our security patrol officers.

Q: "I do not have an alley and/or a fence — what are my options?"

A: Option A: we can deliver and drop the sign off at your front porch or **Option B:** we can attach a stake to and install it into your property ground where appropriate.
